Please join Dr Christelle Greeff for a dinner education session on "Palliative care: a GP perspective".

As GP's most of us provide care and support to our palliative patients and their loved ones. Join Dr Greeff as she outlines a practical approach to identification of the palliative patient, integration of palliative care into primary care (incl. access local services), and communication (incl. health directives).

Dr Greeff qualified in Pretoria, South Africa, graduating from her medical studies in 1996.

She has been practicing in general practice in Queensland for many years and is a fellow of the Royal Australian College of General Practitioners.

Dr Greeff has a particular interest in lifestyle medicine, preventative health and diabetes management, women's health as well as palliative care, and offers venesections.
