

Queensland COVID-19 Update – Long COVID

For primary health clinicians

Queensland Primary Health Networks (PHNs) are pleased to announce a webinar for primary health clinicians on *Long COVID*.

The speakers will cover topics such as the latest evidence-based research and case studies of Long COVID.

Our panel will also share experiences of working with Long COVID patients.

Speakers

- **Matthew Brown** (Queensland Health Long COVID Program Director)
- **Dr Rodney Pearce** (GP, Medical QH Glynde/Royal Adelaide Hospital)
- **Prof Sonya Marshall-Geradisnik** (Director of National Centre for Neuroimmunology and Emerging Diseases, Menzies Health Institute Queensland)
- **Dr Kiran Thapaliya and Dr Natalie Eaton-Fitch** (National Centre for Neuroimmunology and Emerging Diseases)
- **Dr Fabian Jaramillo** (Clinical Editor, HealthPathways)
- **Dr Graham Exelby** (Mermaid Central Medical Clinic, Gold Coast).

Date

Tuesday 18 October 2022

Time

Program: 6.30pm–8pm
