

# Practical Cancer Care for GPs

HAEMATOLOGY PANEL

SMALL GROUP WORKSHOPS  
BY TUMOUR STREAM

MINI MDT PANELS

SKIN CANCER WORKSHOP

## Icon Cancer Centre Annual GP CPD Weekend

**3 – 4 December 2022 | Sofitel Noosa Pacific Resort**

*Icon Cancer Centre proudly presents our fourth annual South East Queensland GP conference, as part of our commitment to delivering the best cancer care possible, as close to home as possible.*

With a focus on highly relevant and practical learning, our dynamic two-day program will provide GPs with practical skills that can be readily applied to real-world practice. Topics span across screening and early diagnosis, new treatments and advances, end-of-life care and the future direction of cancer care and haematology.

This year we are proud to offer an exclusive skin cancer workshop with Specialist Plastic Surgeon, Dr Dan Kennedy. This two-part workshop will cover clinical assessment, biopsy techniques and includes a hands-on surgical session to extend your operative skills. Limited spots available!

Don't miss this exclusive opportunity to connect with leading specialists across Australia's most prevalent cancers including breast, prostate, lung, skin and colorectal cancers, and haematological disorders.

### Registration

Scan the QR code or use the link below to register and pay via our secure gateway. Spaces are limited – please register early.
