Developing a sustainable HIV,
viral hepatitis & sexual health workforce

National HIV Nursing: Complex Management Webinar

Directed at nurses with experience working in HIV, this webinar will focus on HIV and hepatitis B and C co-infection.

Date: Thursday 5 October

Virtual Attendance: Online – Zoom

Time:

7:30pm - 8:30pm (AEDT)

7:00pm - 8:00pm (ACDT)

6:30pm - 7:30pm (AEST)

4:30pm - 5:30pm (AWST)

Speaker

Kirsty Owen (Sexual health and BBV nurse, Melbourne Sexual Health Centre), will discuss the nurses' role in monitoring and caring for people living with HIV and hepatitis B and C co-infection, including identifying risk factors and key consideration for treatment and monitoring. This session will include a presentation and case studies.

Target Audience

Nurses with experience working in HIV.

Learning Objectives

- Describe the epidemiology of Hepatitis B and C and risk factors for acquisition
- Identify risk factors for advanced liver disease and when to seek specialist clinical support
- Discuss key considerations for Hepatitis treatment and monitoring in PLHIV
- Explain role of the HIV nurse in supporting engagement in hepatitis treatment and ongoing monitoring
