

palli**WELLBEING**

EDUCATION WEBINAR

Topic: Heartfelt Giving: Volunteering in Palliative Care

Our Christmas PalliWELLBEING Webinar is not to be missed!

It will bring together Bev Barton, board director and fundraiser volunteer at Mingary Care; and Jessica Bell, paramedic at the Queensland Ambulance Service and volunteer for the Ambulance Wish Queensland Program. These experts will share their insights and knowledge on volunteering for services supporting people experiencing serious illness, dying, caring, death and grief. This webinar includes a Q&A discussion.

We believe that palliative care is everybody's business, and we aim to build compassionate communities around people and their families experiencing serious illness, dying, death and grief. This PalliWELLBEING webinar is designed for all members of the community including those without a health background as well as people involved in the health sector, such as aboriginal healthcare workers, doctors, nurses, social workers, allied health staff, health administrative staff, spiritual care workers, health managers, health educators, pharmacists and paramedics. We also encourage people from diverse backgrounds to attend.
