## SUTURING COURSE

This course provides the theoretical and practical essentials to close and manage noncomplex traumatic lacerations, biopsies and surgical excisions.

The course is ideally suited to nurses, medical students and doctors that have little or no suturing experience or wish to advance their current basic skill of only using single interrupted suturing technique. Comprehensive online learning package video demonstrations of each technique and 1 day practical skills training

Skills training day sessions include:

- Single interrupted
- Horizontal and verticle mattress
- Subcuticular closure
- Deep sutures
- Flap closure
- Staples and tissue adhesives
